**ORDER:-**

In the reference read above, the Engineer-in-Chief (R&B) State Roads, Hyderabad has stated that Thorrur - Valigonda road is an important Major District Road with single lane of 3.66Mts with B.T. surface. This road connects major Mandals like Thirumallagiri, Valigonda and also connects Mothkur, Gundala, Athmakur Mandals by other Major District Roads. Hence, traffic intensity is very high on this road. This road also connects two High ways i.e (Warangal - Khammam Highway) at Thorrur Mandal headquarter and Bhongir - Chityal road at Valigonda Mandal HQ which connects NH-9 at Chityal. The existing single lane carriageway from Km. 67/3 to 69/2 was renewed in the year 2010-11 and the reach from Km. 61/0 to 63/0 and Km. 69/2 to 74/0 is sanctioned under S.R. Programme and the work is to be commenced. Due to single lane carriageway, it is creating lot of inconvenience to the road users while overtaking the vehicles and causing many accidents frequently. The existing formation is having 5-7 m width. Hence, it is very essential to increase the formation width. The existing CD works are narrow and some of them are in dilapidated conditions. He has certified that the Stage -I approval is not required as detailed investigation is completed and designs are finalized. No land acquisition and shifting of utilities are required for taking up the subject work without interruption.
